Funds Europe Japan's Equity Renaissance: Japan Roundtable Feature article and report

Mitsubishi UFJ Asset Management (UK) Ltd. (MUAMUK) have sponsored the Japan Roundtable hosted by Funds Europe in London and we are happy to share the featured report from the event Japan Roundtable where our Chief Market Economist Naoya Oshikubo met with 6 leading industry experts.

We discussed why Japan's investment case is no longer just about macro recovery, but a fundamental corporate transformation. From the end of deflation to the "virtuous cycle" of rising wages, discover why now may be the time for a structural re-allocation to Japanese equities.
